Blue Moon Big Band at Glen Echo

What can I say -- the [Blue Moon Big Band](#) was just spectacular. Playing to a fairly large (but not sold out) Halloween crowd, the band truly had something for everyone. Good strong rhythms for the beginners and subtle but complex arrangements for the dancers to play with. The band put a good face on the phrase "Moderate Tempos" that gets bandied around a lot these days. This was a very pleasant experience! The temperature was reasonable inside the ballroom and there was a great mix of people. I am becoming a very big fan of the Blue Moon Big Band. A wonderful show!!! I certainly hope that the Swing Dance Committee has the wisdom to hire this band again real soon!
